

Setting Parental Controls

Parental Controls on Netflix

For Netflix, you must be the primary account holder to set parental controls. I recommend using Hard Controls at the Account Level.

For specific maturity ratings, you can require them to enter a PIN that you have set before any TV show or movie is allowed to play that above a selected maturity level, on any profile.

It ensures your child does not access any movies or tv shows that have a rating that exceeds the selected maturity level.

Customizing YouTube Kids Content

- Tap the Lock icon at the bottom of the screen
- Tap Sign In
- Tap on the account you want to see
- Tap Send Parental Consent Email
- Check your email for the consent letter and activation code
- Enter the code in the application

Blocking Content on YouTube Kids

- Go to Home Screen
- Tap More icon next to the video.
- Tap Block this video or Block this channel
- Enter the numbers you see written on the screen, or enter your custom passcode.

Blocking Content on YouTube Kids

- Go to the Watch Page
- Tap More icon next to the video.
- Tap Block
- In the dialog box that appears, select Block this video, or select Block this channel to block the channel associated with the video.
- Tap Block again.
- Enter the numbers you see written on the screen, or enter your custom passcode.
